

New PackMark hub in Mpumalanga

Issued by [Pyrotec](#)

12 Aug 2015

At Pyrotec PackMark, we believe that the provision of world-class coding and labelling equipment should be backed by an exceptional standard of service and support. This is why we have the infrastructure in place to provide technical assistance for our clients in all of South Africa's major business centres.

Njabulo Mpofo

We recently expanded our network with a new office in White River, north of Nelspruit. This new base makes it easier for us to provide dedicated sales and technical assistance to clients in the Mpumalanga area. Being situated closer to these clients not only gives us a more in-depth understanding of their unique business requirements, but also allows us to respond to breakdowns quickly - ensuring minimal downtime on their production lines.

The new Pyrotec PackMark office is under the expert management of Njabulo Mpofo, who brings incredible technical and project management knowledge to our team. Mr Mpofo has over two decades of experience in the manufacturing environment. After completing his four-year mechanical engineering apprenticeship in the 1990s, he fulfilled various engineering, production and operations roles before obtaining a B.Com in Business Management. Thereafter, he took up the positions of factory manager and project manager before joining Pyrotec PackMark to establish and run our new White River branch.

We look forward to growing our business in the Mpumalanga and Limpopo region with Mr Mpofo at the helm. Should you wish to get in touch with him, call 073 273 7036 or email nmpofu@pyrotec.co.za.

Pyrotec

Pyrotec is a proudly South African company with its focus aimed firmly on the future. Its five brands - Pyrotec PackMark, Pyrotec PackMedia, Pyrotec PackLink, Pyrotec PackWorx and Pyrotec Finance - make this an industry-leading company that specialises in a comprehensive range of coding and labelling equipment, on-pack informational and promotional devices, merchandising solutions, development and manufacturing of automated systems for the packaging and manufacturing industry and making finance options available to customers. Pyrotec's software offering ensures product integrity, optimises coding activities, and helps secure centralised data management systems and label tracking systems.
