Unsure when your next hair appointment will be? **Plantur 39 Colour Brown** makes it quick and easy to freshen up your natural hair colour at home and conceal the first signs of grey hair.

Plantur 39 Colour Brown offers a dual colour rinse solution to keep your hair colour looking beautiful whilst getting nourished and strengthened hair, in between salon visits. Usually, grey hairs can start appearing two weeks after a professional permanent dye treatment. Salon colouring treatments come with a big time and financial commitment and before you know it the first signs of greys are reappearing. Developed for daily use, **Plantur 39 Colour Brown Shampoo and Conditioner** intensifies the brunette shade, leaving stray first greys bathed in colour.
