Lecturer: Computer Science

Location:	Cape Town
Type:	Permanent
Company:	[Varsity College](#)

Direct Reporting Line:

Head of Computer Science

Varsity College is an educational brand of The Independent Institute of Education (The IIE). The IIE enjoys the reputation of being at the forefront of private higher education in South Africa, and is registered with the Department of Higher Education and Training (DHET) to provide higher education qualifications accredited by the Council on Higher Education (CHE).

The IIE's Varsity College, Cape Town Campus has a vacancy for a Full Time Lecturer : Computer Science

Duties and Responsibilities:

Lecturing

- Lecture on programmes (must lecture on an IIE qualification) across various modes of delivery where relevant.
- Marking of assessments and feedback to students in subjects lectured. May be required to internally moderate assessments scripts that fall within their subject fields, where necessary across IIE sites of delivery.

Lecturer Development and Support

- Assist in lecturer development and support processes and procedures. This may include conducting peer reviews, facilitating workshops and one-on-one consultations.

Student Development & Support

- Championing/leading and managing academic development and support for a specific programme and its students.
- Tracking student success and implementing support interventions where required.

Research & Scholarship

- The incumbent is required to promote a culture of scholarship within their practice, discipline and campus/team and is also required to contribute towards IIE MSA achieving its annual research output targets.

Competencies Required:

- Superior communication (written and verbal) and organisational skills.
- Demonstrated ability to manage work and self proactively.
- Able to demonstrate a proven track record of effective teaching in subject area based on a reflective practice.
- Able to demonstrate the ability to manage relationships with managers and staff effectively in terms of motivation, quality and performance.
- Passion for Customer Service.
- Experience in the use of technology to enhance learning is an added advantage.

Minimum Education Requirements:

- Master's degree in Information Systems/ Computer Science or
- Registered for PhD degree in Information Systems or Computer Science. Candidates with PhD degree will be advantageous.

Minimum Work Experience Requirements:

- Lecturing experience in programming
- Work experience as a software developer/ application developer/ programmer

The IIE's Varsity College is an Equal Opportunity Employer . However, preference will be given to previously underrepresented groups in accordance with the South African Employment Equity Act.
