

TVAfrica appoints two new continuity announcers

In a move to create a more visual personality for the pan-African television network, TVAfrica has appointed two continuity announcers to its team. The network believes the African presenters chosen for the job will stimulate a closer relationship between TVAfrica and its viewers in the 10 initial countries where the presenters will appear.

Having built up a wide following as a radio DJ at Khaya FM, Zimbabwean **George Munetsi Biza**'s extensive experience in film, radio and television coupled with his warm heart and sunny smile is guaranteed to light up an evening.

Immaculately groomed and highly intelligent, **Irene Ndlovu** from Kenya joins George to add a touch of glamour that perfectly enhances TVAfrica's all-round entertainment offering.

The continuity presenters will appear on the East and South Feed initially.
